

# 700 Series with flexible wooden arms

## Darrol 700 series with flexible wooden arms, with head, or as headless with nice neck plates.

Flexible wooden arms with movable fingers is a trend that has returned. Darrol has chosen our own solution where you do not have to use shoulder pads or other padding to fill the area between the shoulder joint and the wooden arm to compensate for the ugly folds that occur in - and around this area.

We have simply chosen to keep the "hanger shape" in order to optimize the presentation of the merchandise, respectively on the mannequin as well as on the torso form.

**Colour**  
Standard body colour grey. 700 series can be delivered in any RAL colour.

Any other requests please contact Retailment for further information, surcharge and time of delivery.

### Female and male mannequins

## Convert your headless mannequin or torso

The system is based on the already well-known Darrol neck-lock system, we offer a broad palette of flexibility with a neck plate solution or a abstract head. Standard finish neck plate is made of fiberglass, but you can choose between wood or metal finish and maybe even a solution with your own logo, please contact your Darrol dealer for surcharge and conditions regarding this option.

The headless mannequin

Simply remove the neck plate

Replace the neck plate with your choice of head

All done - you got a mannequin with head
